The sun is hot! Protect your little ones with great [swimwear and accessories](#). Haiden Surf can help fill your needs. I received a great [rash guard onesie](#). It is one piece and zips up the front. There is SPF in the fabric and you don't have to worry about it riding up and have skin exposed. The only thing I'd like to see added would be snaps for easier changing.

They also carry rash guard tees and super [cute board shorts](#). Finish the look with great [kids flip flops](#). The smaller sizes have ankle straps to keep them on and the larger sizes are regular. There is a fun size on the bottom which helps with traction.

[Haiden Surf](#) is giving away to one reader your choice of "slaps" or "rash guard onesie".

For your chance to win visit their site and then come back here and let me know which item you'd choose.
